## Objective

Civil Engineering student aiming to contribute to infrastructure projects as a Site Survey Intern at UrbanBuild Solutions, leveraging expertise in AutoCAD, Civil 3D, and surveying.

## Education

### B.S. in Civil Engineering

Expected May 2026

University of Cityscape, Cityscape, ST

GPA: 3.6/4.0 | Relevant Coursework: Surveying, Geotechnical Engineering, Structural Analysis

## Skills

- Technical: AutoCAD, Civil 3D, GPS Survey Tools, Excel
- Analytical: Topographic Data Analysis, Site Planning
- Soft Skills: Attention to Detail, Teamwork, Communication

## Experience

### Survey Assistant

University of Cityscape

Sep 2023 – Present

- Conducted topographic surveys using GPS equipment, improving data accuracy by 12%.
- Created site plans using Civil 3D for campus infrastructure projects.
- Documented survey data for project reports.

### Intern

BuildRight Inc.

Summer 2023

- Assisted in field surveys for road construction projects.
- Analyzed survey data to support site layout designs.

## Projects

### Campus Site Survey Project

Spring 2024

- Led a team to conduct a topographic survey, reducing planning errors by 10%.
- Presented findings at the Civil Engineering Symposium.
